FULL STACK DEVELOPER

MERN & PHP Developer with hands-on experience **developing** 10+ production-grade applications. Built complex E-commerce and School Management Systems featuring **full CRUD operations** and **user-friendly design**.

WORK EXPERIENCE

Zemaraim Technology • **Coimbatore (Onsite)** • **10/2025 - Present**

A dynamic IT solutions provider specializing in custom software development, digital transformation, and enterprise web applications for the education, healthcare, and travel sectors.

Web Development Intern • **Full-time**

- **Developed 11+ Projects:** Successfully deployed **4 dynamic web applications** (School Management, Church Portal, Internal Tech Dashboard) and **7 static websites** for healthcare and travel clients, ensuring 100% on-time delivery.
- **Cross-Platform API Integration:** Designed and exposed **178+ secure APIs** from the PHP backend for 8 school clients. Empowered the mobile development team to replicate full web functionality on Android devices, reducing development time by 40%.
- **Engineered Complex School System:** Built a scalable **School Management System** (PHP/MySQL) featuring **Role-Based Access Control (RBAC)** for 7 distinct user types (Admin, Teacher, Student, Parent), streamlining administrative workflows.
- **Built Custom Admin Dashboards:** Developed the official **Zemaraim Technology Dashboard** and client-specific CMS panels, empowering non-technical staff to manage website content and database records without coding.
